Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Wednesday 03 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showers in south but dry for many in the north.

This Evening and Tonight:
Spells of showers mostly affecting southern parts of the region through the evening and night, with northern areas seeing drier conditions. Remaining mostly cloudy with a risk of fog patches. Minimum temperature 3 deg C (37 deg F).

Thursday:
Patchy rain to start in the south. This will soon clear, leaving conditions dry and cloudy before another spell of rain arrives from the northeast during the evening. Maximum temperature 5 deg C (41 deg F).

Outlook for Friday to Sunday:
Plenty of sunshine on Friday and Saturday, but feeling rather cold with widespread overnight frost. Dry with sunny spells on Sunday too.
